About the Summit

The summit was a 2 days event followed by Pharmacovigilance Training. The Summit took place in the LIVE Auditorium where delegates had live chat options and interactive polling sessions during the delivery of the presentations. Government Authorities presented updated regulations and discussed problems and solutions that arose during the COVID 19 Pandemic. Many action plans included the fast track solutions of digitization and the implementation of it and how this will carve out the future of Regulatory submissions and approvals in the future.

Industry leaders discussed Clinical Trials, Track and Trace, Covid19, Biosimilars Regulations to name a few.

The biggest topic was Regulatory Reliance and Harmonization in Africa with Public Private Partnership driven discussion.
