VIRTUAL SUMMIT

- **Connect** Regulatory Authorities and People of the Industry - Public Private Partnerships
- **Focus** on Regulatory Affairs of Healthcare Products - Pharma/ Medical Device
- **Share** knowledge and understanding of Regulatory process and Market Access through Africa

## VISION STATEMENT

AfriSummit provides a platform for pharmaceutical and medical device regulatory experts and industry professionals in Africa to share insights and discuss the latest updates in regulations. The summit aims to focus on new developments, amendments and innovations happening in the healthcare product's industry in Africa with a focus on Pharma and Medical Device .

This Summit is a strategic meeting place in Africa for local and international pharmaceutical and medical industry professionals to meet and discuss on topics related to all aspects of regulatory affairs, legal and compliance. Delegates will take away valuable knowledge shared by experts through presentations, open-discussions and networking.

## MISSION STATEMENT

AfriSummit aims to Educate the Industry about the Regulatory Affairs related to Healthcare product's Industry in Africa and through this platform connect Industry leaders

and product manufacturers to distributors and buyers, supporting them with the regulations and submissions bring their products to the African market.

# About the Summit

The summit was a 2 week virtual event that included, MedDevReg (Medical Device & IVD Regulatory Discussions), PharmaReg (Regulatory Summit About Pharma) and Pharmacovigilance Training.

The Summit took place in the LIVE Auditorium where delegates had live chat options and interactive polling sessions during the delivery of the presentations.

Government Authorities presented updated regulations and discussed problems and solutions, with an emphasis on Reliance together with AMA. Many action plans included the fast track solutions of digitization and the implementation of it and how this will carve out the future of Regulatory submissions and approvals in the future. Industry leaders discussed Clinical Trials, Track and Trace, Data Safety, Biosimilars Regulations to name a few in Pharma and in MedDevReg the focus was on Accelerating Medtech Innovations through regulatory agility & harmonization, Classification and the Manufacturing growth in Africa.
